The Supplement will contain information related to the Strike Price, the Offer Price, dates of the Public Subscription, and category wise break-up of the Successful Bidders. Format of the Supplement is given on page 3 of this Prospectus.

12.1.2 Types of Bids and Procedure for making a Bid

Book Building is a process whereby investors bid for a specific number of shares at various prices. The Issuer set a Floor Price, which is the minimum / lowest price a Bidder can bid at. An order book of bids is maintained by the Book Runner, which is then used to determine the Strike Price through the “**Dutch Auction Method**”.

Under the Dutch Auction Method, the Strike Price is determined by lowering the Bid Price to the extent that the total number of shares issued through the Book Building process are subscribed.

A bid by a Bidder can be a “**Limit Bid**”, or a “**Step Bid**”, each of which are explained below:

□□**Limit Bid:** Limit bid is at the Limit Price, which is the maximum price a Bidder is willing to pay for a specified number of shares.

In such a case, a Bidder explicitly states a price at which he / she / it is willing to subscribe to a specific number of shares. For instance, a Bidder may bid for 1 million shares at PKR 20 per share, based on which the total Application Money would amount to PKR 20 million. In this case the Bid Amount will be also PKR 20 million. Since the Bidder has placed a Limit Bid of PKR 20 per share, this indicates that he / she / it is willing to subscribe the shares at a price up to PKR 20 per share.

Step Bid: A series of Limit Bids at increasing prices. The amount of any individual step shall not be less than PKR. 1,000,000.

Under this bidding strategy, Bidders place a number of Limit Bids at different increasing price levels. A Bidder may, for instance, make a bid for 0.7 million shares at PKR 20.00 per share, 0.6

million shares at PKR 21.00 per share and 0.5 million shares at PKR 22.00 per share. Therefore, in essence the Bidder has placed one Step Bid comprising of three Limit Bids at increasing prices. The Bid amount will be PKR ---- million. In case of individual Bidder, the Margin Money will be 100% i.e. PKR --- million whereas in case of Institutional Bidders the Margin Money shall be 25% of the Bid amount i.e. PKR -- million.

RESTRICTIONS:

3. As per the regulation 9(12) of the PO Regulation, in case all the bids made above the Strike Price are accommodated and shares are still available for allotment, such available shares will be allotted on proportionate basis against the bids made at the Strike Price.

14.11. PUBLIC SUBSCRIPTION THROUGH E-IPO

E-IPO is submission of application for subscription of securities electronically through internet, Automated Teller Machines (ATM) and mobile phones. In order to facilitate the public during IPOs, SECP has introduced the concept of e-IPO. The following two systems are available for e-IPOs:

i. Centralized e-IPO System (CES):

In order to facilitate investors, the Central Depository Company of Pakistan ("CDC") in collaboration with ILink (Private) Limited (ILink) has developed a Centralized eIPO System ("CES") through which applications for subscription of securities offered to the general public can be made electronically/online. CES has been made available in this Initial Public Offering (IPO) and can be accessed through the web link <https://eservices.cdcaccess.com.pk>. Payment of subscription money can be made through ILINK's member banks available for CES, list of which is available on above-mentioned website.

For making application through CES, investors must be registered with CES. Registration with CES is onetime activity, free of cost and can be done under a self-registration process by filling the CES registration form, which is available 24/7 all-round the year. Investors who have valid Computerized National Identity Card (CNIC), International Bank Account Number (IBAN) with any of the commercial bank, email address, mobile phone number and CDS Account (Investor account or sub account) can register themselves with CES.

In addition to the above, CDC has also introduced a new facility in CES through which sub-account holder(s) will request their respective TREC Holders who are Participants in Central Depository System (CDS) to make electronic subscription on their behalf for subscription of securities of a specific company by authorizing (adding the details of) their respective Participant(s) in CES.

Consequently, authorized Participants will electronically subscribe on behalf of their sub-account holder(s) in securities offered through Initial Public Offerings (IPOs) and will also be able to make payment against such electronic subscriptions through all the available channels mentioned on CES only after receiving the subscription amount from the sub-account holder(s). To enable this feature, the CDS Participant may request CDC to activate his ID on the CES portal.

The securities will be credited directly in Investors' sub-account. In case the sub-account of the investor has been blocked or closed, after the subscription, then securities shall be parked into the CDC's IPO Facilitation Account and investor can contact CDC for credit of securities in its respective account.

Investors who do not have CDS account can visit www.cdcpakistan.com for information regarding opening CDS account. For further guidance and queries regarding CES and opening of CDS account, investors may contact CDC at phone number: 0800 – 23275 (CDCPL) and e-mail: info@cdcpak.com or Mr. Farooq Ahmed Butt at Phone 111-111-500 and email: farooq_butt@cdcpak.com.

Investors who are registered with CES can submit their applications through the web link www.cdceipo.com 24 hours a day during the subscription period which will close at midnight on April 21, 2020.
