4.1. Format for sharing feedback/comments	5
4.2. Indicative Timeline	5

1. BACKGROUND

This consultation paper is published for eliciting feedback/suggestions on proposal relating to introduction of Registration and Trading Platform (RTP) for Public Unlisted Companies (PUC) at Pakistan Stock Exchange.

The concept of registration and trading of public unlisted companies is prevalent at Hanoi Stock Exchange (HNX) of Vietnam, namely “Unlisted Public Company Market (UPCOM)”.

Jurisdictional study covering (Bangladesh, Ireland, Turkey, United Kingdom and United States) was also conducted to identify model similar to UPCOM (appended as **Annexure A** to this document).

As per the research, similar model does not exist, however the jurisdictions studied have all offered some alternative solutions to facilitate listings of SMEs and start-ups, such as separate boards with relaxed regulatory regimes.

2. DETAILED RESEARCH ON UPCOM

2.1. What is UPCoM?

UPCoM is the market serving as a Registration and Trading Platform for unlisted public companies in Vietnam. Hanoi Stock Exchange is responsible for approving the registration of companies for trading on UPCoM. However, to be eligible for registration and trading on UPCoM, a public company is required to get registered with State Securities Commission (SSC) first.

2.2. Key Features of UPCoM at a Glance

The following table presents some of the key features of UPCoM:

Key Features of UPCoM at a Glance	
Market / Board	Unlisted Public Companies Market (UPCoM)
Market Type	Secondary (no new issuance of shares)
Registration	Mandatory for all unlisted public companies including companies delisted from HNX, but still qualify as public companies.
Minimum Paid up Capital	VND 30 billion
Minimum Free Float	10% voting shares to be held by 100 non-major shareholders
Reference Price	Determined by the Company itself
Circuit Breaker / Price Fluctuation	First trading day: $\pm 40\%$ of reference price Normal trading day: $\pm 15\%$ of reference price
Transaction Unit (Lot Size)	Trading unit: 100 shares Tick size: VND 100
Trading Method(s)	Put-through and Continuous Order Matching
Eligible Investors	Any investor can invest in UPCoM companies
Appointment of Financial Advisor	Not mandatory but it is encouraged to appoint one
Appointment of Market Maker	Not required
Applicable Documentation	Dossier approved by SSC, the apex regulator in Vietnam

2.3. Recent UPCoM Statistics

Total Registered Companies	882
Total Registered Volume	46 billion
Total Market Capitalization	VND 1,000,000 billion (USD 39.289 billion)

2.4. Procedure to apply for Trading on UPCoM

Companies are free to apply directly for registration and subsequent trading of securities on UPCoM. However, HNX encourages to appoint a Financial Advisor. Likewise, the appointment of Market Maker is not compulsory.

In Vietnam, all public unlisted companies are required to register with Securities Depository Center, hence, it is mandatory for all public unlisted companies to register on UPCoM. HNX approves the application for registration on UPCoM within 5 working days, whereas the issuer is required to put its shares into trading on UPCoM within 10 days of HNX approval.

2.5. Determination of Reference Price

Reference price on the first trading day is determined by the company. This price is determined based on commonly applied methods in the market: BV, PE, PB or a combination. For delisted enterprises, the reference price is the closing price on the last trading day.

2.6. Applicability of Code of Corporate Governance and other requirements

- CCG compliance for UPCoM registered companies are less stringent in Vietnam. For unlisted public companies, the Board of Directors must have at least one-third of non-executive directors (for listed public companies, at least one-third directors must be independent).
- Annual financial reports are required to be disseminated. There is no requirement of disseminating quarterly or semi-annual financial reports.
- Disclosure requirements are covered under “Guidelines on Disclosure of Information on Securities Market”. Unlike listed companies, unlisted public companies perform lesser obligations.

2.7. Key Documentation required for Registration on UPCoM

- Application for registration along with supported documents.
- Certificate of State Securities Commission for completion of public company registration.
- Dossier approved by the State Securities Commission.
- Certificate of securities registration of the Vietnam Securities Depository and Clearing Corporation.

3. INTRODUCING RTP MARKET AT PSX

A secondary market similar to UPCOM can be introduced at PSX by the name of Registration and Trading Platform (RTP). The market would provide a registration-based trading platform for public unlisted companies. It is important to note that companies registered on RTP would be required to publicly disseminate financial results through PSX. Moreover, the existing shareholders and Accredited Investors would be allowed to trade in the shares of registered public unlisted companies.

Companies registered on RTP shall not solicit funds from the general public through marketing on electronic or print media. A company registered on RTP shall not be considered as a listed company and will not enjoy any associated benefits of listing. An RTP-registered company shall not in any way portray itself as a listed company, either locally or internationally.

3.1. Proposed Features of RTP Market

The key features of the proposed RTP Market are summarized below:

Proposed Features of PSX RTP at a Glance	
Market / Board	Registration and Trading Platform (RTP Market)
Market Type	Secondary
Minimum Paid up Capital	PKR 25 million and above
Minimum Free Float	No minimum free float required as there is no capital formation
Reference Price	Proposed by the Company itself along with solid justification and valuation certificate from the Auditor
Circuit Breaker / Price Fluctuation	10% or Rs. 1/ -
Lot Size	1
Trading Method	Order matching
Eligible Investors	Existing Shareholders and Accredited Investors only. However, non-accredited investors can be allowed through PSX Negotiated Deal Market (NDM).
Issuance of Dossier at the time of Registration	Yes (information about the company including shareholders, management, business model, capital structure, financial information)
Initial Registration Fee	Nil
Annual Registration Fee	Rs. 5,000
Appointment of Advisor to the Registration	Not Mandatory
Appointment of Market Maker	Optional
CCG Compliance	Voluntary
Audited Financial Statements	Public dissemination of annual audited financial statements through PSX.
Migration to GEM / Main Board	The company registered on the RTP Board may migrate to the GEM or Main Board of PSX subject to compliance with all regulatory requirements of the respective boards.

To govern the operations of RTP Market, a new chapter namely “Regulations Governing Registration and Trading of Public Unlisted Companies on Pakistan Stock Exchange” will be inserted into the PSX Rule Book.

Further, this market would be available for delisted companies as well if they wish to remain registered with PSX.

3.2. Minimum Eligibility Requirements

Public unlisted company would be considered eligible for registration on the RTP on the basis of:

- Compliance with paid up capital requirement
- Clean CIB Reports
- No default history of the company’s directors, sponsors, etc.
- Minimum two years’ operational history
- Latest audited accounts of the company
- Any other criteria as specified by the PSX on advice of Commission

3.3. Benefits of RTP Market

RTP is envisaged to offer the following benefits:

- Enhanced visibility of the corporate sector of Pakistan
- Improved transparency and public accountability
- Opportunity for sponsors to value the company
- True reflection of local economy
- Potential to attract foreign investment
- Liquidity for existing shareholders
- New investment avenue for investors
- Increased number of investors/UINs

3.4. Implementation Strategy

It is suggested that RTP proposal be implemented in a phased manner as follows:

- i. In the first phase, all eligible unlisted public limited companies having paid up capital of Rs. 200 million and above will be required to get registered at RTP.
- ii. In the second phase, all eligible unlisted public limited companies having paid up capital of Rs. 25 million and above and less than Rs. 200 million will be required to get registered at RTP.

4. FEEDBACK ON RTP PROPOSAL

4.1. Format for sharing feedback/comments

Feedback on the RTP proposal may be sent via email to the Securities and Exchange Commission of Pakistan or the Pakistan Stock Exchange Limited at rtp.feedback@secp.gov.pk or listing@psx.com.pk as per below format:

Name			
Name of the related Entity			
Sr. No.	Relevant Section of Paper	Suggestion	Rationale
Confidentiality			
<i>If you wish to keep all or any part of your submissions and your identity confidential, please indicate the same. In all other cases, your provided comments can be made public, except your contact information.</i>			

4.2. Indicative Timeline

Stage	Date/Timeline	Detail
1	22/January/2025	Publication of Consultation Paper
2	Within 15 days of publication of Consultation Paper and placement of same on PSX and SECP websites	Public comments period
3	Within 30 days of receipt of comments on the Consultation Paper	Consultation sessions
4	Within 30 days of conclusion of consultations	Notification of separate chapter for Registration and Trading Platform in PSX Rule Book
